Moderator:
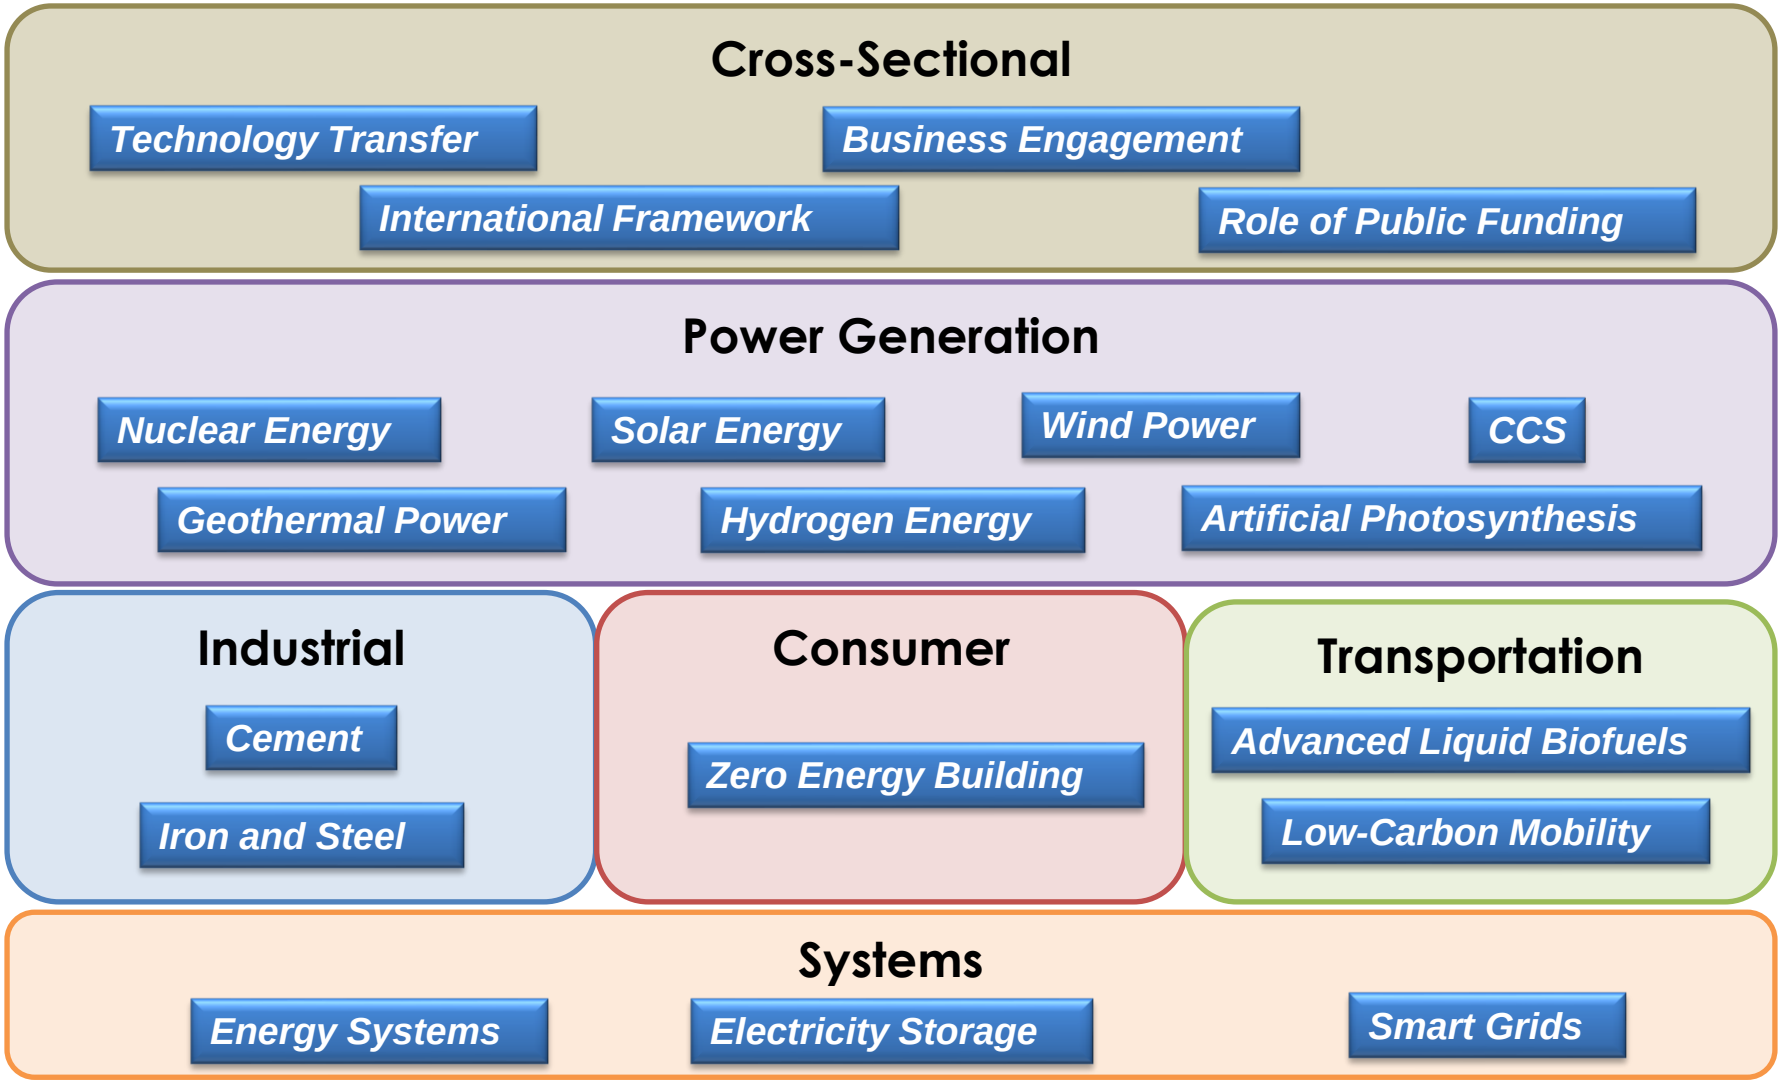
David Sandalow
Current position:
Inaugural Fellow, Center on Global Energy Policy, Columbia University
Country: United States

Part 3 - Future Strategy for Climate Change -

Moderator:
Nobuo Tanaka
Current position:
President, The Sasakawa Peace Foundation
Former Executive Director, International Energy Agency (IEA)
Country: Japan

- **Concurrent Sessions**



2. ICEF 2015

- **Collaboration**

Innovation for Cool Earth Forum

IEA Roadmap 2nd phase

Press-show
"The Age of Renewable Power"

Discuss LCTPi (Low Carbon Technology Partnerships Initiative)
by Mr. Peter Bakker, President & CEO, WBCSD

2. ICEF 2015

- **Roadmap**

ICEF Innovation Roadmap
Solar Energy Session on October 8
Target: Grid-Edge PV + Storage

2. ICEF 2015

- **Statement**

1. Implementation of policies to promote research, development, and dissemination of innovative technologies.

2. Establishment of concrete action plans based on a shared vision of the future.

3. Promotion of a proper financing scheme for technology transfer to developing countries.

Save the Date

Innovation for Cool Earth Forum
3rd Annual Meeting

Date: **October 5-6, 2016**

Venue: **Hotel Chinzanso Tokyo, Japan**
