

Corrigendum: Renewables 2022

Issued: 4 January 2023

Link to report: <https://www.iea.org/reports/renewables-2022>

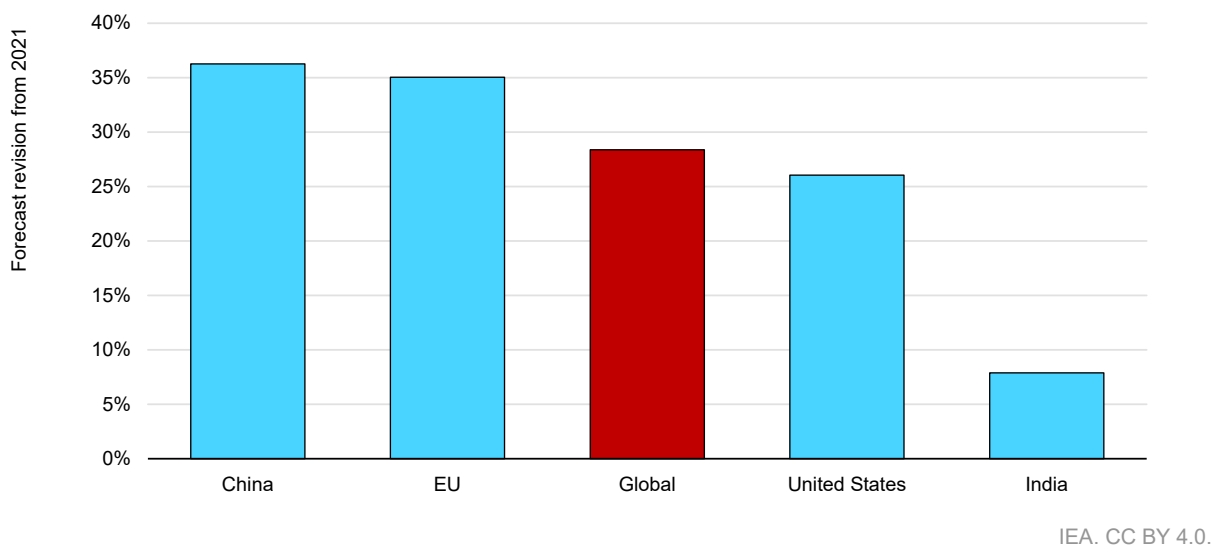

On **page 17** changed graph 1.1 **from:**

Figure 1.1 Upward revisions to renewable capacity expansion forecasts from Renewables 2021 to Renewables 2022

To:

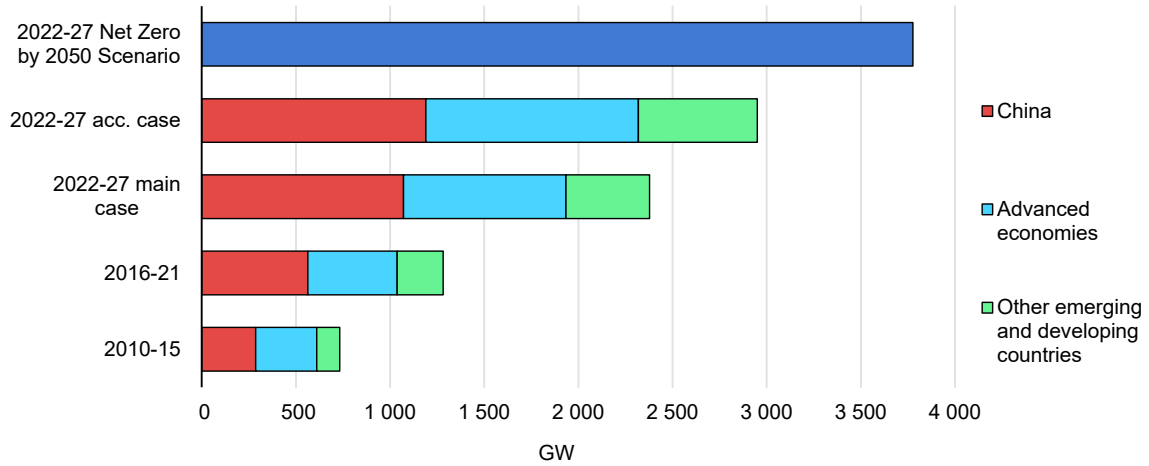

Figure 1.1 Upward revisions to renewable capacity expansion forecasts from Renewables 2021 to Renewables 2022

Reason for change: data update to match web graph version.

On page 18 – changed figure 1.2 from:

Figure 1.2 Renewable capacity growth in the main and accelerated cases, 2010-2027

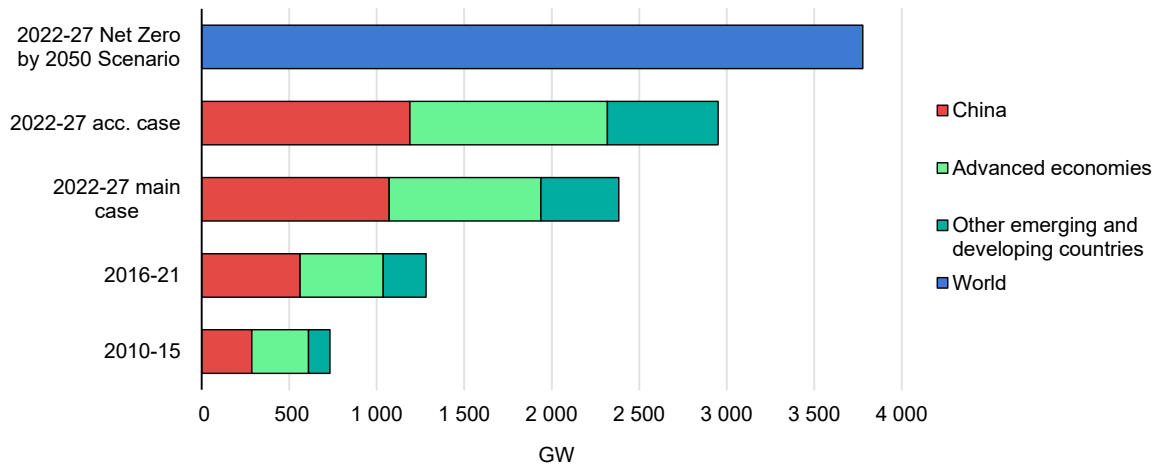

IEA. CC BY 4.0.

Note: acc. case = accelerated case.

To:

Figure 1.2 Renewable capacity growth in the main and accelerated cases, 2010-2027

IEA. CC BY 4.0.

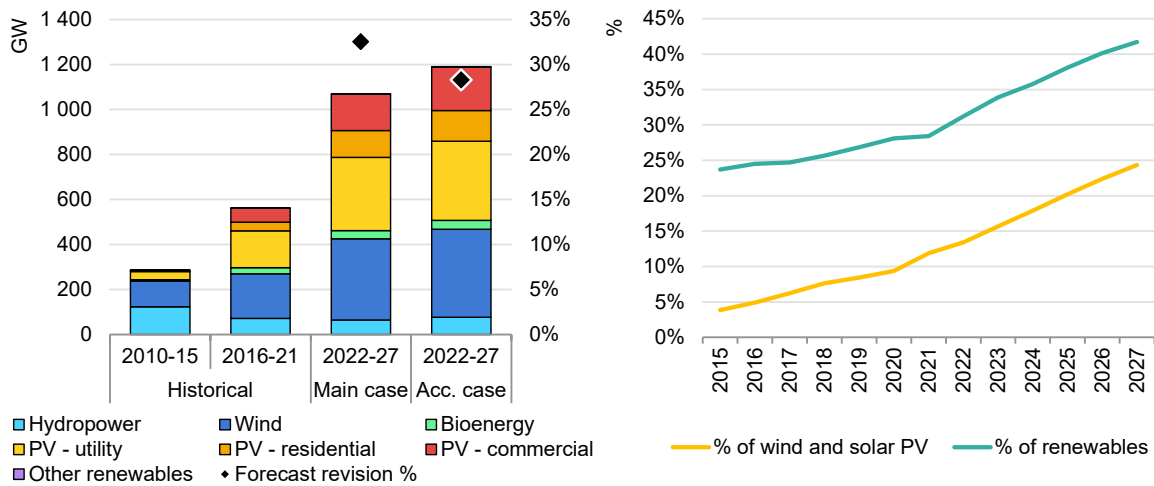

Note: acc. case = accelerated case.

Reason for change: Legend update

On page 28:

- **Modified text from** "... the basis for this year's 35% upward revisions..." to "... the basis for this year's **over 35%** upward revision"
- **Updated figure 1.11 from:**

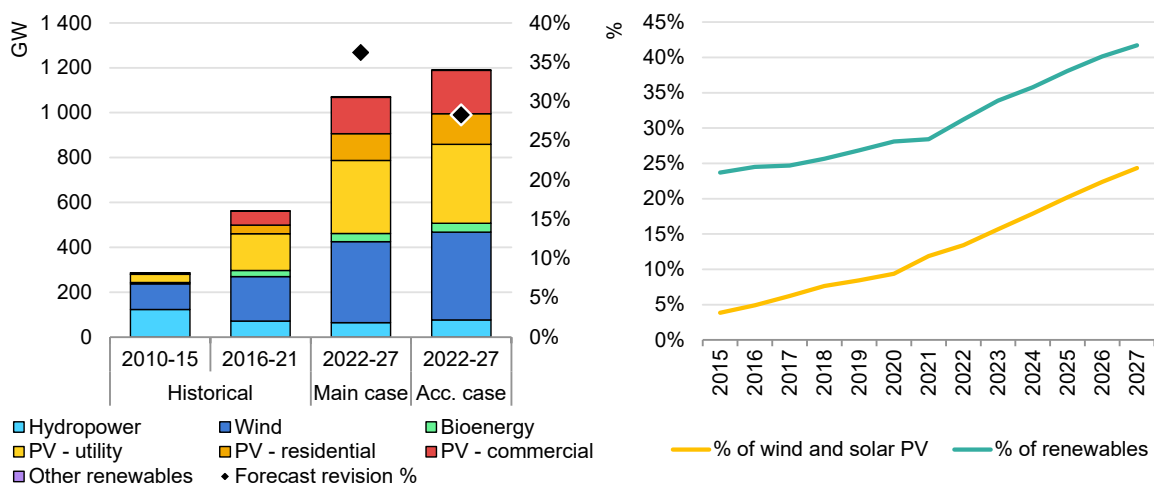

Figure 1.11 China renewable capacity additions, 2010-2027 (left) and shares of renewables in electricity generation, 2015-2027 (right)

IEA. CC BY 4.0.

To:

Figure 1.11 China renewable capacity additions, 2010-2027 (left) and shares of renewables in electricity generation, 2015-2027 (right)

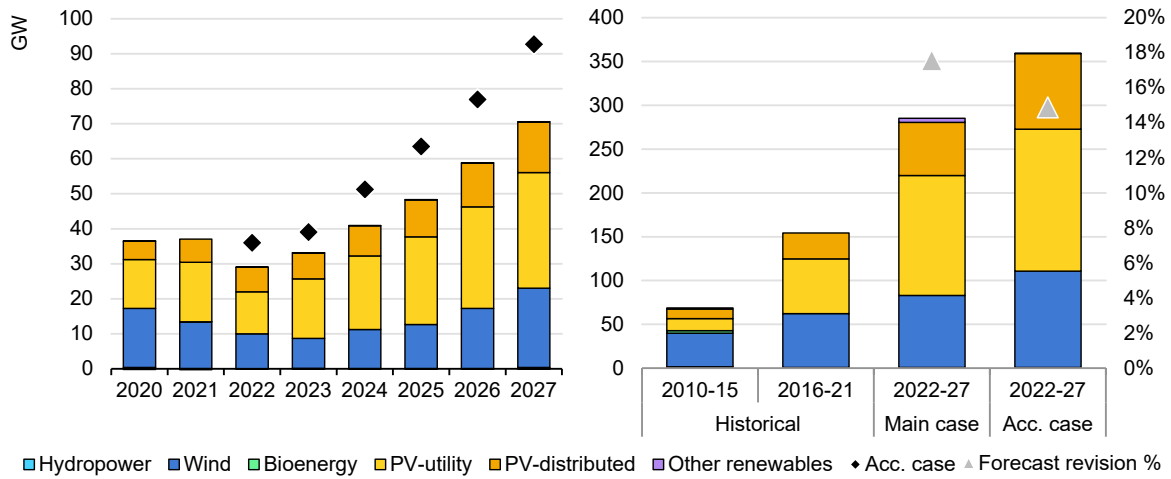

IEA. CC BY 4.0.

Reason for change: Data update to match web graphic

On page 31 updated Figure 1.12 from:

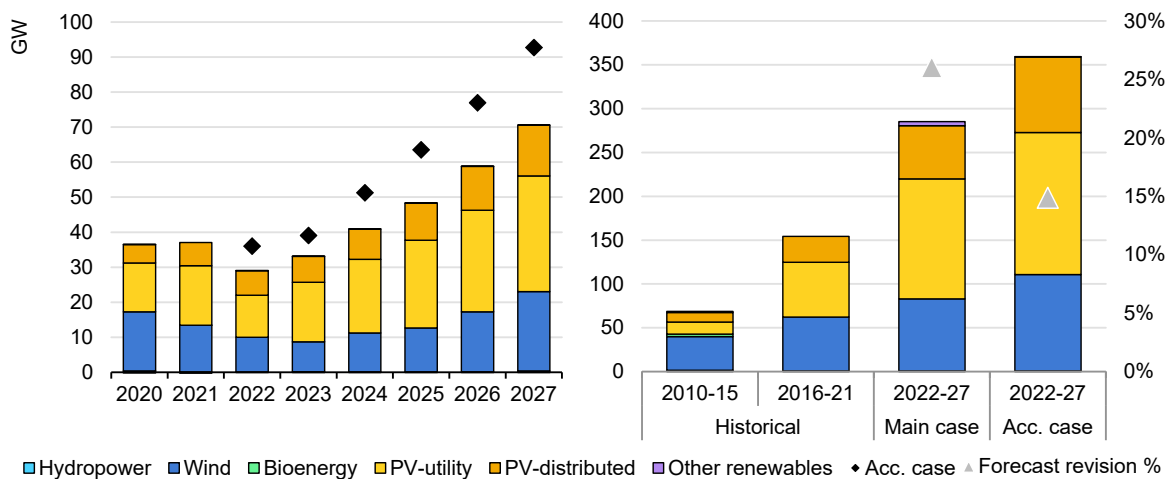

Figure 1.12 United States annual renewable capacity additions by technology, 2020-2027 (left) and total renewables capacity growth, 2010-2027 (right)

IEA. CC BY 4.0.

To:

Figure 1.12 United States annual renewable capacity additions by technology, 2020-2027 (left) and total renewables capacity growth, 2010-2027 (right)

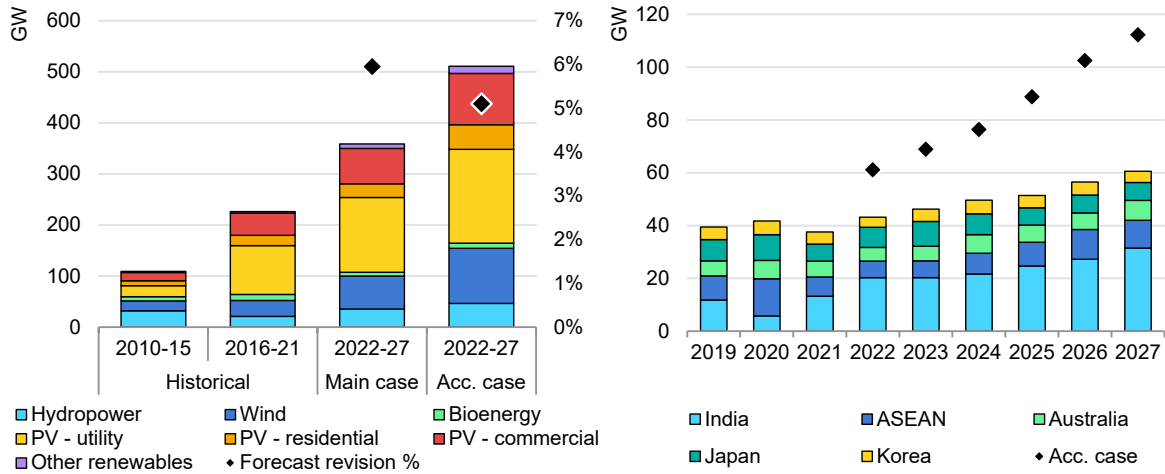

IEA. CC BY 4.0.

Reason for change: Aligning data with website

On page 57 changed figure 1.25 from:

Figure 1.25 Asia Pacific renewable capacity additions by technology, 2010-2027 (left) and annual capacity additions by country, 2019-2027 (right)

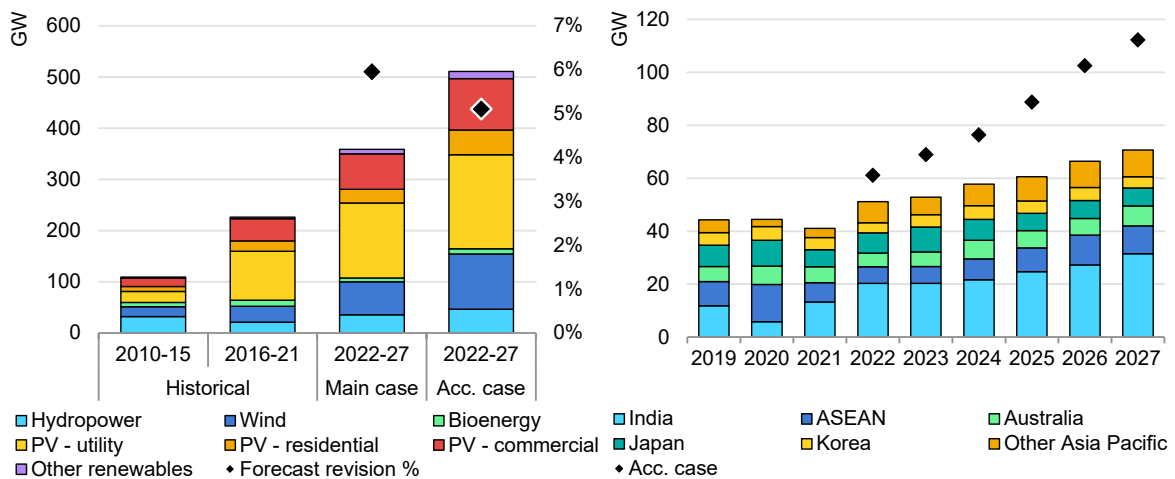

IEA. CC BY 4.0.

Notes: Acc. case = accelerated case. ASEAN = Association of Southeast Asian Nations. Asia Pacific excludes China.

To:

Figure 1.25 Asia Pacific renewable capacity additions by technology, 2010-2027 (left) and annual capacity additions by country, 2019-2027 (right)

IEA. CC BY 4.0.

Notes: Acc. case = accelerated case. ASEAN = Association of Southeast Asian Nations. Asia Pacific excludes China.

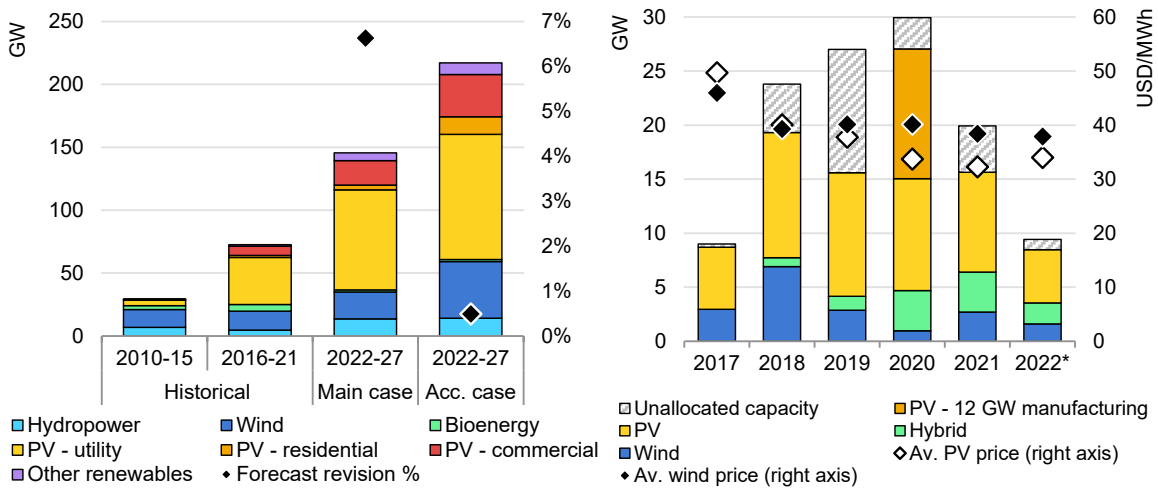

On page 58

- **Changed text from:** "This year's forecast has been revised **upwards 7%** from last year's..."

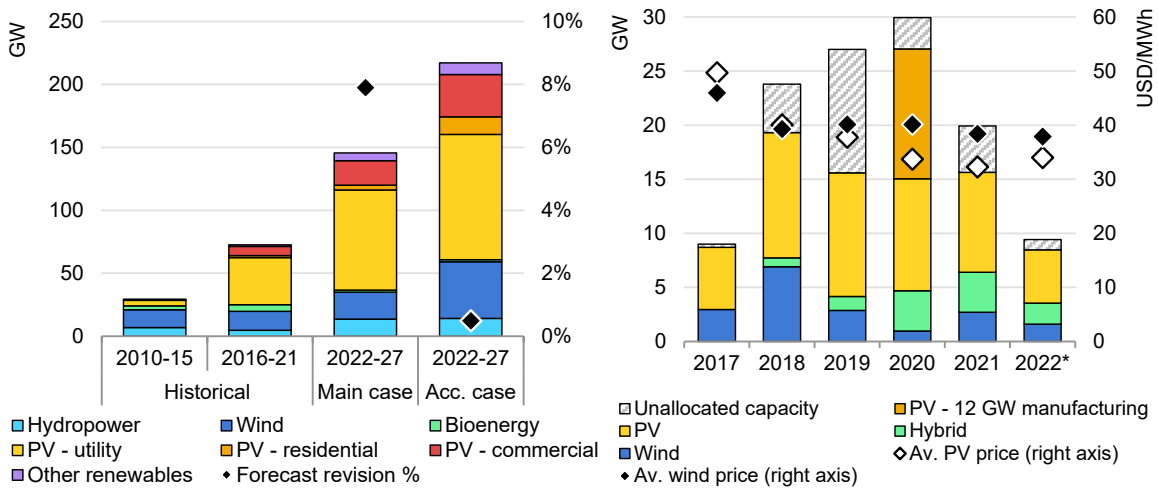

To:

"This year's forecast has been revised upwards **almost 8%** from last year's"

- **Figure 1.26 changed from:**

To:

Reason for change: aligning data with website

On page 67 changed text **from:**

The accelerated case forecasts **nearly 25%** higher additions

To:

The accelerated case forecasts **nearly 50% higher** additions

Reason for change: Calculation error
