26th Annual Greenhouse Gas Emissions Trading Workshop Data Protection Notice

Please refer to the [Data Protection Notice regarding Visitors to the IEA and IEA Event Participants](#) available on the International Energy Agency (IEA)'s website for further information regarding the International Energy Agency's (IEA) processing of your personal data in connection with your participation in the **26th Annual Greenhouse Gas Emissions Trading Workshop** taking place at the IEA headquarters on 1 - 3 December 2026 (the “event”) and your rights in relation to your data. If you have further queries or complaints related to the processing of your personal data, please contact the Organisation for Economic Co-operation and Development (OECD) Data Protection Officer [dpo@oecd.org]. If you need further assistance in resolving claims related to personal data protection you can contact the OECD Data Protection Commissioner [dpc@oecd.org].

The event is co-hosted by the IEA, the International Emissions Trading Association (IETA) and EPRI. IETA collected names, gender, email address, business title, session preferences, and company/organisation and country affiliation from potential event participants through an expression-of-interest form using Microsoft Forms and will share such potential participants' personal data (namely name, gender, email address, business title, session preferences, and company/organisation and country affiliation), with the IEA to enable the IEA to organise the event, as well as coordinate with IETA and EPRI on the event organisation. In particular, the IEA will process potential participants' personal data in accordance with the [OECD Data Protection Rules](#) to review the expressions of interest, issue invitations, support participants' registration and participation in the event.

The IEA also wishes to inform you that the IEA may:

- further share the names, job titles, company/organisation affiliation, country affiliation and session registration status of invited and/or registered participants with EPRI and IETA, for event organisation purposes, including tracking participant registration in each event session, for networking purposes, and for our contact list for future events;
- share the attendance list, including participants' and speakers' names, job titles and affiliation, with other event participants by email for networking purposes. The IEA will not include contact details, such as emails, in any such shared list; and
- take photographs for communications purposes. The IEA will upload photographs to the [event page](#) then archive the photos within the IEA for an indefinite period of time. Only limited IEA staff have access to such archived photographs.

As mentioned in the IEA's notice, the IEA may also contact you about future events that might be of interest. If you do not wish to be contacted about future events, please send an email to climate.change@iea.org.
