

# 14<sup>th</sup> IEA-IETA-EPRI Annual Workshop on Greenhouse Gas Emission Trading

## Linking carbon markets: towards fragmented approaches or globally networked markets?

Sarah Deblock, EU Policy Director

9 October 2014

Paris

Climate Challenges, Market Solutions

# Focus of this session

**Hear from experts with different perspectives:**

**Tim Yeo**, Chair of the UK's Energy and Climate Change Select Committee, House of Commons

→ Update from the UK's Parliamentary Inquiry on linking

**Bianca Sylvester**, Climate Change Specialist, Networked Carbon Markets, World Bank Group

→ Update from the World Bank's "Networked Carbon Markets" initiative

**Arne Eik**, Leading Consultant on Climate Change, Statoil

→ Perspective from a global oil and gas company with operations in different jurisdictions: to what extent does linking carbon markets make business sense?

# Emissions Trading in 2014
