

# Energy Efficiency in Manufacturing SMEs

Domestic and International Experience  
in Policy and Program Design

**Session 4: Interactive dialogue and  
discussion session**

**Introduce yourselves to others around the table and then discuss the following questions:**

1. What energy efficiency policy and program development **have you been involved in?**
2. What **results** have been achieved to date?
3. What are the **key lessons you have learned** about the development and implementation of energy efficiency policy and programs that you consider most relevant to other industry associations?
4. What **suggestions do you have for the actions that government policy makers** could take to further support manufacturing SMEs to improve their energy efficiency performance?
