

7th InterEnerStat meeting

Draft Agenda

14-15 September 2015

IEA Headquarters

9, rue de la Fédération, Paris, France

Monday 14th September

9:00: Coffee and registration

9:30: Introduction - Duncan Millard, Chief Statistician, IEA

Welcome: Paul Simons - Deputy Executive Director, IEA

Purpose: Duncan Millard - IEA

Updates on cross cutting work (approx. 10 min presentations for each)

- Oslo Group – Ville Vertanen, Statistics Finland
- SD Goals – Ralf Becker, UNSD
- SE4ALL – World Bank (tbc)
- Committee for coordination of statistical activities (tbc)

Coffee

Manuals: update across projects

(IEA, UNSD, Eurostat, OLADE)

Biomass - manual update from IRENA,

Wider discussion: how much data are being reused across organisations?

Lunch break (buffet provided by the IEA)

Classification – Ralf Becker - Standard International Energy Classification, Trade, HS

FAO and HS: Alex McCusker (UNECE/FAO)

Discussion: What can we collectively do to improve harmonization and coverage for energy?

Coffee break

Impact and use of IRES – Ralf Becker

Discussion – what needs updating and how/why, what criteria should be used?

Where is the boundary for renewable energy and naturally occurring benefits

Measurement issues emerging energy types (e.g. Hydrogen, ???)

Examples

Discussion – how can we start from an agreed definition?

18:00 – Close

Tuesday 15th September

9:00: Coffee

9:30: Training and capacity building

Introduction - Duncan Millard, Chief Statistician, IEA

15 min presentations from organisations on their approach and its impact, how that is updating and how they and their members make training material available

OLADE online demonstrate (30 min)

Coffee break

Discussion

1 How to maximize use of resources/knowledge

2 Can we better co-ordinate capacity building

Energy balances – understanding differences – Roberta Quadrelli (IEA)

Summary presentation noting differences

Discussion to understand differences, reasons for them – is there scope to move towards a single balance?

Lunch break

Energy Efficiency

Discussion – how can we better coordinate activity, measurement to have a real global understanding? Is there scope for a separate workshop on this in 2016?

Coffee break

Dissemination – update on key activities from organisations

Sharing data – online data between organisations

Monitoring and evaluation – Its importance and the role of statisticians in policy making - Duncan Millard, IEA

17:30 - Close
