

2016 InterEnerStat Workshop: Energy efficiency and end-use data and Meeting of Organisations

13-14 December 2016

Union internationale des Chemins de fer, Room 203; 16 rue Jean Rey, 75015 Paris

Agenda

Goal

To define the international energy statistics community contribution to strengthening energy efficiency monitoring globally

Objectives

To discuss and agree on next steps on:

- How partner organizations can move towards common data reporting
- How to advance training and capacity building
- Steps to raise profile and resources

Day 1 - 13 December - morning

9:00-9:30 Registration

9.30-10:00 **Opening session**

Chair: Duncan Millard (International Energy Agency)

Welcome, Purpose and objectives, **Duncan Millard**, IEA Chief Statistician
Round table of introductions

10:00 -11.00 **Session 1: Policy drivers for end-use data**

Chair: Duncan Millard (International Energy Agency)

The importance of end-use data for policy, **Elie Bellevrat**, IEA
Indicators and SDGs at the OECD, **Simon Scott**, OECD
The UN SDG indicators process: update on energy, **Ralf Becker**, UNSD
Energy efficiency data in the SE4ALL Global Tracking Framework, **Ivan Jaques**, World Bank

11.00- 11:30 *Coffee break*

11:30-12:45 **Session 2: Energy end-use data collection: existing and planned international activities**

Chair: Masazumi Hirono (Asia Pacific Energy Research Centre)

Urszula Ziebinska, IEA
Yusuke Kimura, APEC
Cristian Fetie, Eurostat
Atef Marzouk, AFREC
Didier Bosseboeuf, ADEME, Odyssee
Ralf Becker, UNSD

Day 1 - 13 December - afternoon	
12.45-14:00	<i>Lunch break</i>
14:00-14:45	Session 2 - continued
	Paola Carrera , OLADE Hossein Hassani , OPEC Shigeru Kimura , ERIA Discussion on potential synergies on energy data and barriers at country level
14:45-15:30	Session 3: Global efforts to enhance energy efficiency data
	Chair: Paola Carrera , OLADE A new G20 data initiative on end-use and efficiency data, Isabelle Vincent , ADEME The ECLAC experience, Andres Schuschny , UN ECLAC The UNSD experience, Ralf Becker , UNSD
15.30-15:45	<i>Coffee break</i>
15.45-17:00	Session 4: Understanding end-use data collection at national level
	Chair: Paola Carrera , OLADE China, Jianwu Wen , NBS UK, Julian Prime , BEIS Canada, John Appleby , NRCAN Indonesia, Golfritz Sahattua Sohuturon , Pusdatin USA, Eileen O'Brien , EIA
17:00-18:00	Session 5: Capacity building
	Chair: Antigone Gikas , Eurostat Gianluca Tonolo , IEA, Cristian Fetie , Eurostat Hossein Hassani , OPEC Round-table on how to raise profile and resources - all
18:00	End of the first day

Day 2 - 14 December - morning	
9.30-10:45	Session 6: Energy and “activity” data from sectors beyond energy
	Chair: Ralf Becker (UNSD) The Energy Community end-use data work, Milka Mumovic , Energy Community The importance of energy and activity data for modelling, Eric Masanet , IEA Mozhgan Raeisian Parvari , UNIDO Zuzana Dobrotkova , World Bank Hossein Hassani , OPEC Discussion on potential synergies on activity data
10.45- 11:00	<i>Coffee break</i>
11:00-12:30	Session 7 Conclusions: planning next steps of international cooperation
	Chair: Duncan Millard (International Energy Agency) <ul style="list-style-type: none"> - Common approach to energy data collection - Consistency across activity data - Cooperation on capacity building
12:30	End of the End-Use Energy data workshop

12.30- 14:00	<i>Lunch break</i>
---------------------	--------------------

2016 InterEnerStat Meeting of Organisations

Goal

To update partners on various ongoing projects of relevance (IRES, SDMX, etc) and agree on next steps.

Day 2 - 14 December - afternoon

14:00-14:30 Session 8: Introduction and updates

Chair: Duncan Millard (IEA)

Review of previous actions, Duncan Millard IEA

14:30-15:30 Session 9: IRES

Chair: Andrii Gritsevskiy (IAEA)

IRES (Updates on publications, compiler's manual), **Ralf Becker**, UNSD

Timetable for review - Discussion

15.30- 15:45 *Coffee break*

15:45-17:15 Session 10: SDMX

Chair: Bart De Norre, Eurostat

Gyorgy Gyomai, OECD

Bart De Norre, Eurostat

Stève Gervais, IEA

Marek Sturc, Eurostat

Andrii Gritsevskiy, IAEA

Discussion

17:15-17:30 Session 11: AoB and Discussion and Conclusions

Chair: Duncan Millard (IEA)

17:30 End of the Meeting of Organisations
