# LEADING THE WAY TO AN ENERGY EFFICIENT FUTURE

Jennifer Layke, Global Director, Energy Program

THIRD IEA GLOBAL CONFERENCE ON ENERGY EFFICIENCY | 25 OCTOBER 2018

# BUILDING EFFICIENCY ACCELERATOR 2018

# BUILDING EFFICIENCY ACCELERATOR 2015-2017

**253 CITIES**

reached with Building Efficiency Accelerator (BEA) resources

**47 COMMITMENTS**

on building efficiency action from  
**25 CITIES**

**9 GLOBAL  
& REGIONAL EVENTS**  
with 300+ participants

**18 LOCAL EVENTS**  
meetings and workshops  
with 500+ participants

**21 WEBINARS**  
with 1,000+ participants  
from 121 countries

9 BEA cities engaged with potential funders at 2017 SEforALL Forum to discuss projects with investment potential of at least

**\$1.5 BILLION USD**

**8.3 MILLION TONS  
CO<sub>2</sub> EQUIVALENT**

Avoided through 2030 based on BEA deep dive city actions under development, saving over \$1B in energy costs

# LESSONS FROM THE BUILDING EFFICIENCY ACCELERATOR

- How do cities **learn** about efficiency?
- What do cities **need** to reach efficiency goals?
- What do cities **ask** about efficiency?

# WHAT CITIES NEED
