

Abstract background with mathematical formulas and text related to climate change targets. The text includes:

- 20%
- 300 million jobs
- 50% CO<sub>2</sub>
- Climate Change
- 2°C
- 1 trillion tonnes
- 9 billion
- targets
- 4°C
- US\$2-4 trillion

# Peter White

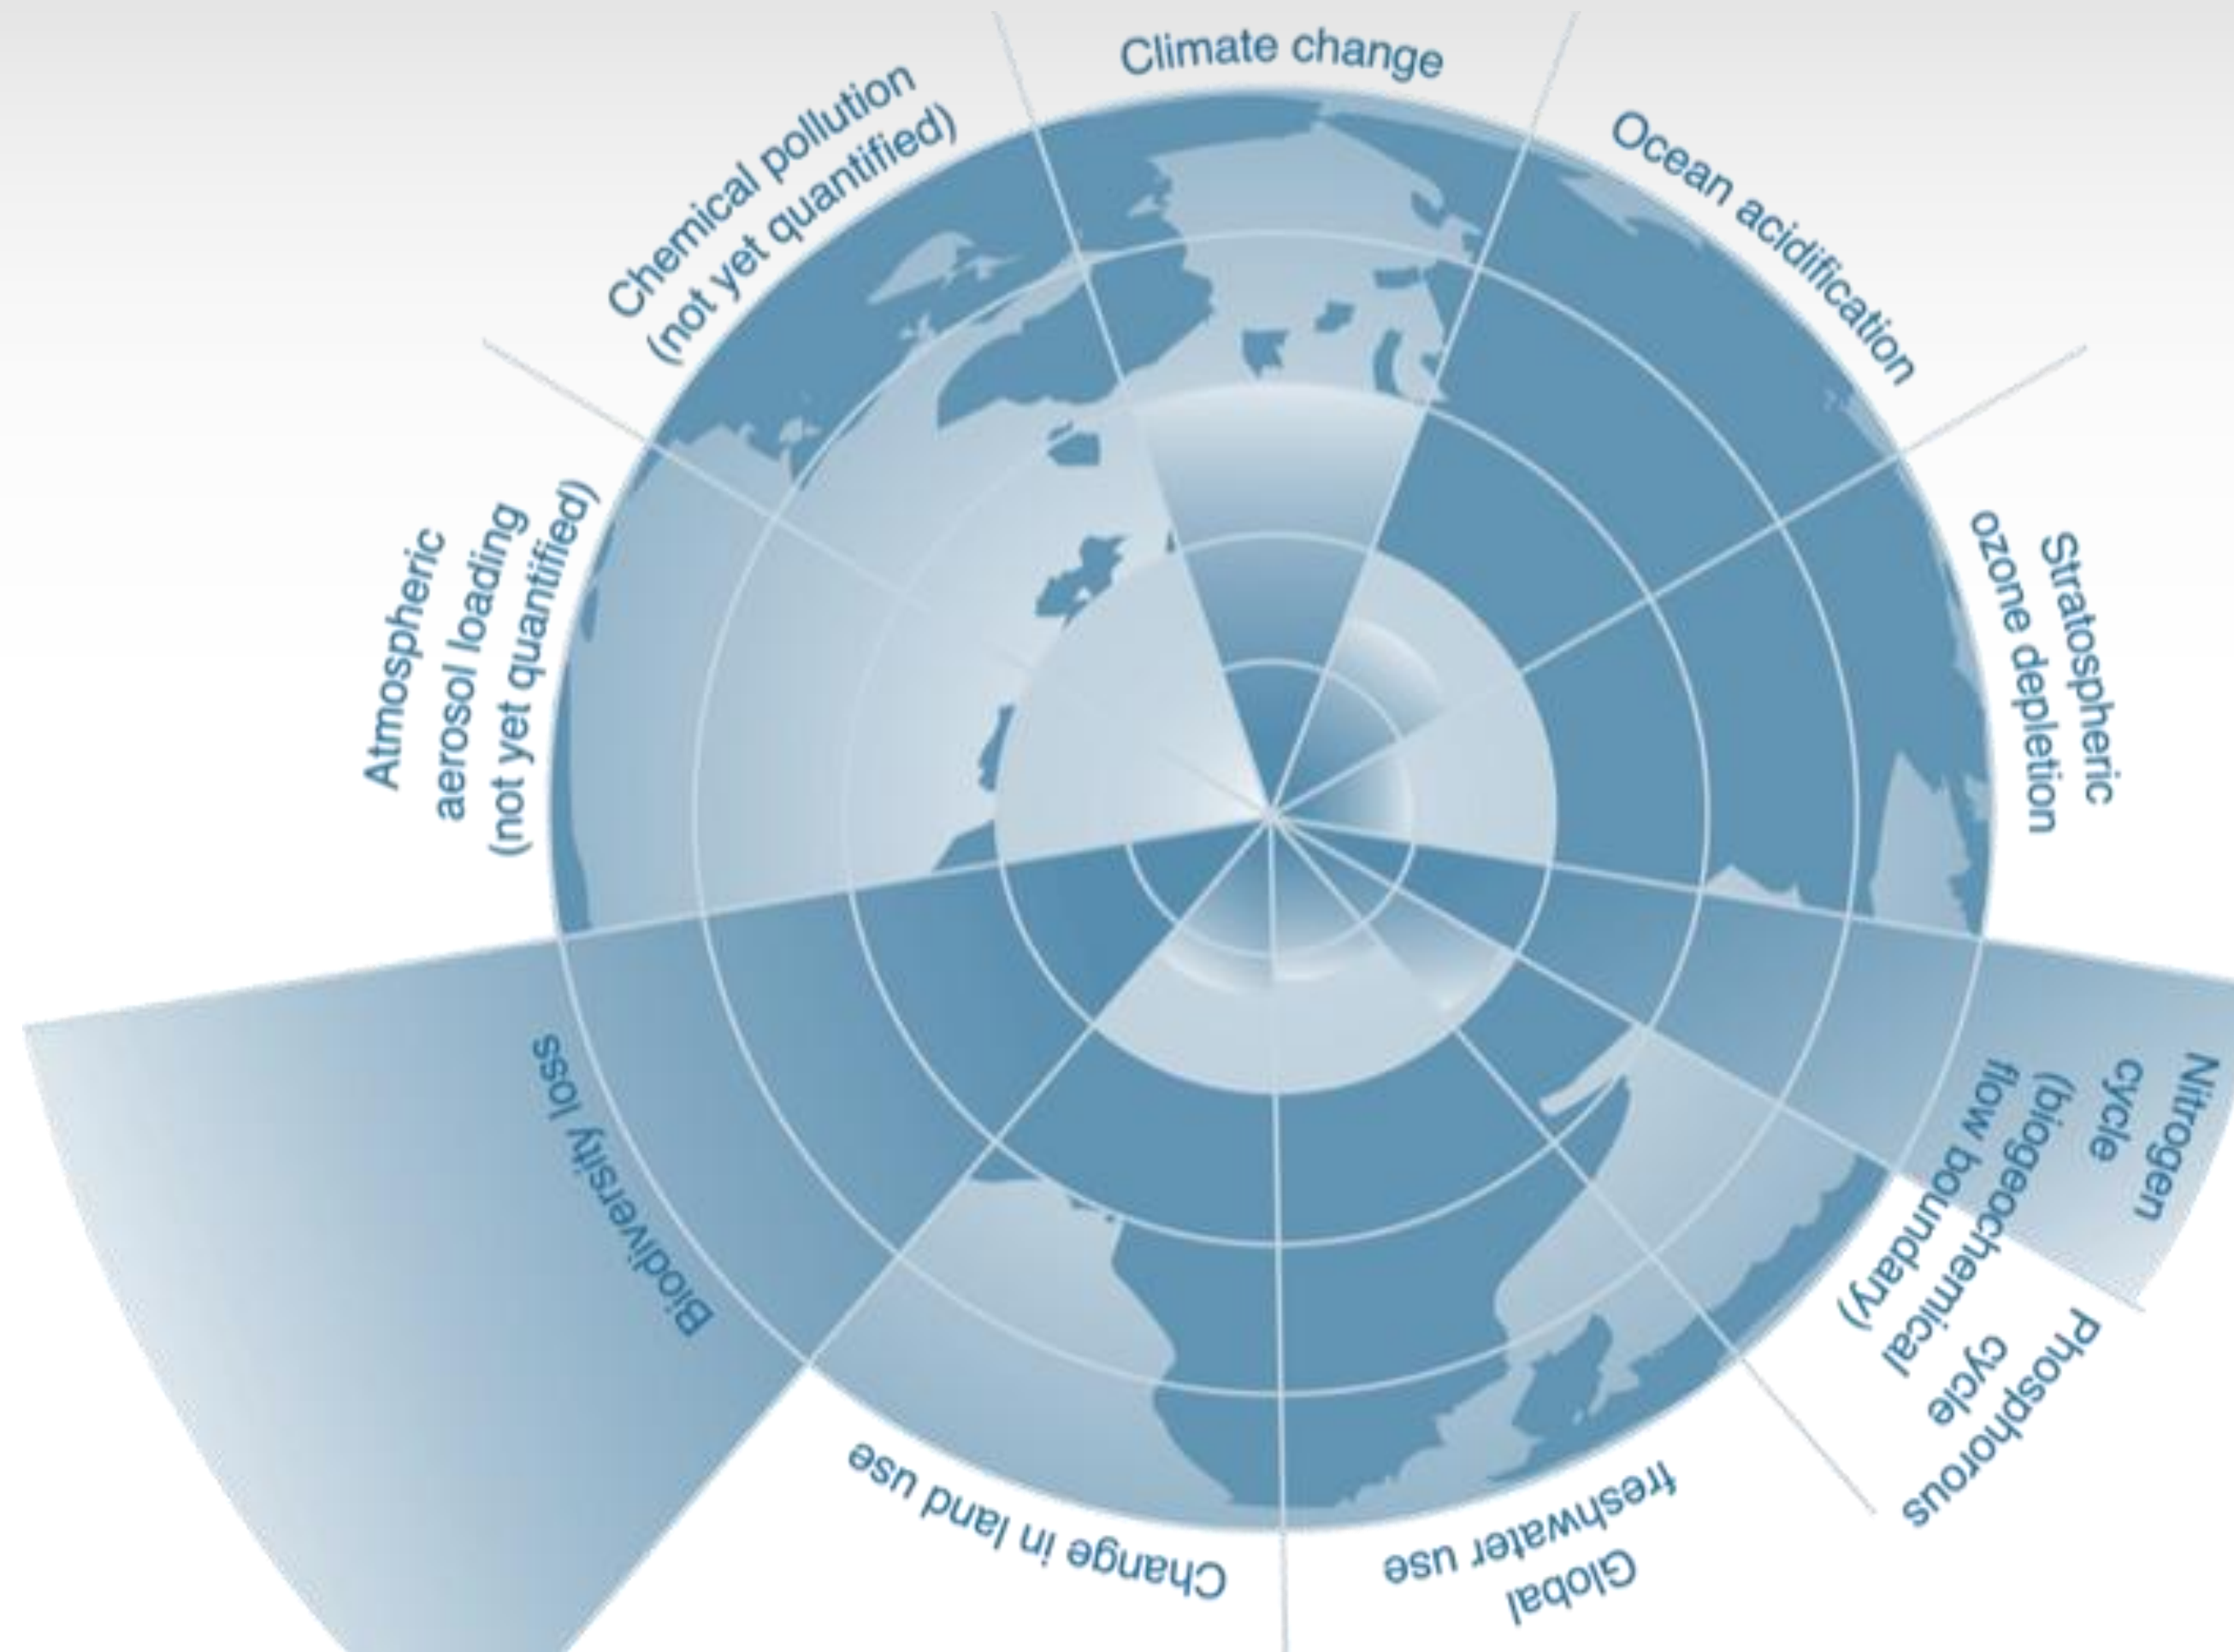

# Vision 2050

9+ billion people

All living well

Within the boundaries  
of the planet

# Starting with the science

# Action2020 Priority Areas

1 Climate change	2 Nutrient elements	3 Ecosystems
4 Harmful substances	5 Water	6 Basic needs and rights
7 Skills and employment	8 Sustainable lifestyles	9 Food, Feed, Fiber and bioFuel
MUST-HAVES – THE SOCIETAL GOALS FOR 2020 THAT FORM THE BASIS FOR ACTION
