## **1A. IPEEC Framework**

- International Partnership for Energy Efficiency Cooperation (IPEEC) launched by the G8 Energy Ministers Meeting and G8 Summit 2009 in Italy
- IPEEC objective is to promote and diffuse efficient uses of energy in all the sectors through the countries of the world while contributing to the definition of programmes, measures and financing mechanisms

## 1B. IPEEC is an autonomous entity

Members account for over 75% of world GDP and energy use.

**The IPEEC Secretariat is located in Paris, France**

## **1C. IPEEC Task Groups**

- **Industry - Global Superior Energy Performance; Energy Management Action Network for Industrial Efficiency**
- **Appliances - Super-efficient Equipment and Appliance Deployment**
- **Utilities - Global Co-operation on Utility Delivery of Energy Efficiency**
- **Buildings - Sustainable Buildings Network**
- **Indicators - Improving Policies through Energy Efficiency Indicators**
- **Finance - Assessment of Energy Efficiency Finance Mechanisms**
- **Capacity Building - Worldwide Energy Efficiency Action through Capacity Building and Training (WEACT)**

## **1D. IPEEC Outreach**

IPEEC to act globally as an open-ended partnership through Task Groups and other means

## **2. Objectives of the Worldwide Energy Efficiency Action through Capacity Building and Training (WEACT)**

- Raising awareness on energy efficiency policies among decision and policy makers
- Building institutions and training tools for government officers and administrators
- Assisting to identify and bridge gaps in existing energy efficiency programs
- Fostering partnership amongst countries to support energy efficiency policies and programs

ALWAYS  ON

### **3. WEACT: Agenda for Action**

- IPEEC Policy Committee meetings, Washington, New Dehli, Brussels, Guilin, ...
- Regional energy efficiency workshops (Mexico City, September 2010; Jakarta, October 2011; New Dehli, December 2011)
- Reporting to the 2011 G20 Summit Meeting in France and 2012 Clean Energy Ministerial in London through the IPEEC Policy Committee
- The IPEEC to report in Rio de Janeiro, June 2012

ACCELERATE

## 4. WEACT: Task Group Members (open ended)

### Working Partners

- Italy (leading)
- France
- Japan
- United States
- IEA Secretariat
- Energy Charter Secretariat

### Hosting Partners:

- Mexico
- Indonesia
- India
- Others to follow

## **5. WEACT: Expected Outcome**

- Establishment of a global Energy Efficiency Policy Network
- Sharing knowledge developed through other IPEEC Task Groups
- Organising regional and sub-regional workshops in conjunction with high-level policy forums
- Identification and diffusion of best energy efficiency policy practice towards Durban and Rio de Janeiro

“A lift-off for great new benefits.”

## 6. Why Jakarta?

- Because Indonesia is:
  - the next IPEEC member
  - a key ASEAN nation
  - an important G20 member
